

Bauanleitung für eine Pagano-Puppe

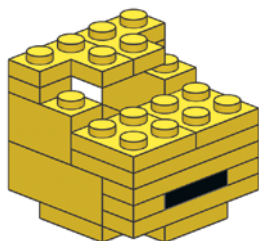

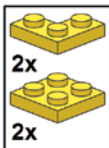

Bau dir deine eigene Pagano-Puppe! Mit jedem neuen Paganomation-Film, in dem sie auftreten, werden diese Puppen aufwendiger. Hier siehst du die neueste Version. Sie ist so schlicht wie möglich gehalten, sodass du sie nach Herzenslust nach deinem eigenen Geschmack gestalten kannst. Vielleicht kannst du die Konstruktion ja sogar noch verbessern! (Die Stückliste findest du auf Seite 106, du kannst sie aber auch von der Begleitwebsite auf <https://www.nostarch.com/legoanimation/> herunterladen.)
